TENNESSEE DENTAL HYGIENISTS' ASSOCIATION

83rd Annual Session

STEPPING STONES TO EXPANDING YOUR HORIZONS

**April 19 – 21, 2012 | Embassy Suites Hotel
 Murfreesboro, Tennessee**

FROM THE PRESIDENT

I would like to take this opportunity to personally invite you to attend the Tennessee Dental Hygienists' Association Annual Session to be held on April 19-21, 2012 at the Embassy Suites in Murfreesboro. We are really excited about hosting annual session in this beautiful new venue. This year's theme is: **Stepping Stones to Expanding Your Horizons**

Always being fascinated with rocks and stones I can see their importance everywhere I look. Each rock and stone is the beginning, whether it is a building or a road, the stone serves as the foundation. My theme over this past year has been roads. There are so many different types of roads. There are dirt, gravel, concrete, blacktop and so on and so on, but each roadway serves a common purpose, they each take us to our destination. We all have choices on which road to travel and the Annual Session Council has worked hard to give you a great road to travel at this year's annual session. Stepping Stones to Expanding Your Horizons is offering 23 CEU in a variety of courses featuring wonderful speakers that will take you on your dental hygiene road. Please check out the opportunities that are awaiting you and don't let the road pass you by.

Annual Session is a great opportunity to network with fellow colleagues as well as an opportunity to keep you abreast of the changes that are occurring both in our state as well as those across the United States. As one of the past presidents of TDHA said, "As a professional that you are, your involvement with TDHA adds ONE more number to those looking to find solutions to the challenges of our profession."

I challenge you to take that first step and come to TDHA Annual Session to expand YOUR horizons. Take advantage of the reduced registration fees by using your ADHA membership number. If you are not a member please visit www.ADHA.org and lay your stone in our profession by becoming a member today!

I hope we are on the same road on April 19-21, 2012 to Murfreesboro. I look forward to seeing each and everyone of you at this year's convention.

Diana G. Saylor, RDH
President of TDHA

GENERAL INFORMATION:
Make Reservations by April 4, 2012 to receive TDHA Special Rate (code: DHA)

HOTEL ACCOMMODATIONS:
Embassy Suites Murfreesboro-Hotel and Conference Center
1200 Conference Center Boulevard Murfreesboro, TN 37219

THURSDAY | APRIL 19, 2012

6:00pm – 7:30pm FIRST HOUSE OF DELEGATES

7:30pm – 9:30pm
HIV/INFECTIOUS DISEASE UPDATE

DR. STEPHEN RAFFANTI, MD, MPH

Dr. Stephen Raffanti, MD, MPH has devoted his professional career to the study of HIV related issues and the care of HIV infected persons. His scientific background began with thirteen years of basic science laboratory experience working with retroviruses, since joining Vanderbilt in 1990, his research interests have shifted to the evaluation of clinical outcomes in HIV-infected individuals. Dr. Raffanti will be giving an update of HIV/infectious disease.

9:00am – 12:00pm
MEDICO-LEGAL INVESTIGATION OF DEATH
MURRAY K. MARKS, PHD, D-ABFA

Dr. Marks, professor of the departments of Anthropology and Pathology at the University of Tennessee, associate director of the Forensic Anthropology Center, and curator of the Forensic Anthropology Facility in Knoxville, more popularly known as the "Body Farm," will speak on Medico-legal Investigation of Death. Marks is an expert in the field of forensic anthropology, particularly in the areas of estimating time of death and reconstruction of faces with the help of computer graphics.

12:00 pm – 2:00 pm LUNCH & LEARN
EAT, DRINK AND BE WARY: YOU ARE WHAT YOU EAT
TRACEY JACOBS

As dental professionals we have the opportunity to educate, advocate and encourage patients to implement healthy lifestyles relative to nutrition and oral health. By providing a "wellness plan" during their dental appointment, we are expanding the scope of dental treatment beyond oral diseases.

Sponsored By: Sonicare

2:00pm – 2:30pm BREAK - VISIT EXHIBITS/MARKETPLACE

2:30 pm – 4:30 pm
AIMING FOR SUCCESS: RADIOGRAPHIC TECHNIQUES FROM ANALOG TO DIGITAL
RENEE' GRAHAM, DPH, DDS

Advances in technology have made a significant impact on the field of dental radiography. For dental practices to make a smooth transition to new technology, an understanding of the basic principles of intraoral radiography and the modifications to these principles required by new technology is beneficial. This course provides the dental professional with techniques to utilize with their current technology, analog or digital, to produce quality, diagnostic images on the first exposure.
